

To All Shareholders of Amistar Corporation

July 28, 2010

We, William W. Holl and Stuart Baker, wish to inform all shareholders of Amistar Corporation, of the following recent events, and other information:

1. A special meeting of the Amistar Board of Directors was held July 27, 2010, during which, after due deliberation, the Directors took the following actions, believing such actions to be in the best interest of all shareholders:

- a. Mr. Bobby L. Watson was elected a Director of Amistar Corporation,
- b. Mr. Holl and Mr. Baker resigned as officers of Amistar, and the Board of Directors elected Mr. Watson to the positions of President, Secretary, and Treasurer of Amistar Corporation.
- c. Mr. Holl and Mr. Baker resigned as Directors of Amistar Corporation.

2. Mr. Bobby L Watson holds a controlling interest in, and is the President of, H. Roark & Company providing investment banking services primarily in the areas of business consulting and corporate mergers and acquisitions. Mr. Watson agreed to assume responsibility for the direction and management of Amistar Corporation and take such actions, which if successful, could ultimately enhance the value of Amistar shares. No assurance has or can be given that Mr. Watson will be successful in this endeavor.

3. Mr. Holl, Mr. Baker, and other founders of Amistar Corporation have agreed to sell a significant portion of their Amistar Stock holdings to H. Roark & Company at the current market price of \$0.0055 per share as incentive for H. Roark to use best efforts to enhance the value of all Amistar shares. All of these sellers recognize that, for a variety of reasons, H. Roark may not be successful with this plan, and all shareholders are advised that the plan's success is not assured.

4. We wish Mr. Watson and H. Roark much success in their efforts to enhance the value of Amistar shares. We have been informed by Mr. Watson that he soon expects to communicate additional details of his plan to all shareholders.

Respectfully,

William W. Holl

Stuart Baker
